

ARCHAEOLOGIST-ANIMATOR

Type of position: Temporary position

Number of positions: Several positions are open

Principal responsibilities: Leading educational workshops entitled « Archaeology in a nutshell » in elementary school classes, primarily in the second and third cycle.

Deadline for application: Application can be made at anytime

Commencement date : Depends on applicant's availability

Dates of employment: **Contractual basis**

Description of position: The archaeologist-animator leads educational workshops on specific themes in elementary schools with the purpose of presenting the archaeological profession and archaeological facets of a given region, site or territory. He or she is expected to be familiar with the archaeology of the school's region and with the contents of the pedagogical kit, to take good care of the material and to respect timetables. A certain amount of travel is involved and hours vary according to school and class timetables.

Remuneration: 100\$ per half day, on contract. Travel expenses are reimbursed by Archéo-Québec according to a previously established per diem.

Skills sought

Working language: French and/or English

Requirements: University training in anthropology, with a specialization in archaeology. Experience in archaeological excavation and analysis obligatory. Valid regular driver's licence. Willingness to travel to other regions. Independent, reliable, out-going and enterprising personality. Being a member in good standing of Archéo-Québec.

Assets: Experience in leading groups of young people.
Being familiar with Archéo-Québec.
